

 **21st Annual
Porter Classic**
#portersynchro
December 2-4, 2016
Ann Arbor, Michigan USA

Parking Guide

1. We will again provide overflow parking on Saturday and Sunday. Our shuttle van will be parked at the rink in the pick-up area in front of the rink. A sign on the door will identify the shuttle.
2. A \$2 admission discount will be given to the **drivers** of cars using the overflow lot.
3. There is no parking on Oak Valley Drive and the township will ticket.
4. Arrive 30 minutes earlier than you would otherwise. Don't find yourself in a panic searching for a parking spot just as your child's team is about to skate. Illegally parked cars WILL be towed so be smart.
5. Carpool or have someone drop you off, especially if you have Saturday practice. Expect a full lot.
6. Use our shuttle and overflow parking on Saturday and Sunday. Arrive early, drop off your family and drive to the overflow lot. If the shuttle is at the rink tell the driver you are going to the overflow lot and he will follow you there. The shuttle will leave the Ice Cube for the lot approximately every 20 minutes and will promptly return from the lot. Shuttle service will run until approximately 6pm on Saturday and 2pm on Sunday. If you are leaving after the shuttle has stopped regular trips to the overflow lot just ask the volunteers at the Admission Table to let the shuttle driver know you need a ride to the lot.
7. To get to the overflow lot turn left out of the rink and travel 0.8 mile on Oak Valley Drive to the back entrance of the Oak Valley Centre on your left. Pay attention because there is no sign for the Oak Valley Centre on this back entrance. This will take you behind Chucky Cheese and you will enter the parking lot at the northeast corner. Porter overflow parking will be straight ahead and marked so you can easily find the correct location in the lot. Road signs will be posted to guide you.
8. Remember arrive early and be patient.
